

# Robin L. Baratta

I knew from an early age I wanted to be an artist, and have always sketched, and dabbled in various art forms, but earning a living, mothering, and 'wifeing' seemed to have a higher priority, than my art. Then a close friend died too young of breast cancer, and I too had a minor brush with the big "C". I realized that life is uncertain at best and short. I started to paint again seriously in January 2004, and earned 2nd place in a local fine arts competition in Sept of 2005. Mostly self taught I paint at every opportunity, and participate in several area artist guilds and studio groups. I am in several shows a year, both group and solo.
